Contingency plan	4
Further guidance to inform and implement contingency planning	14
Staff with responsibility for exam procedures	16

Aims

The aims of this plan are:

- To examine potential risks and issues that could cause disruption to the management and administration of exams, including the potential impact of a cyber-attack.
- To mitigate the impact of disruptions by providing actions or procedures to follow.
- To ensure that in the event of key staff not having arrived at the centre by 7:45am on the day of exams the contingency plan is put into operation and the designated staff take the lead.

Legislation and guidance

This plan complies with the Joint Council for Qualifications (JCQ) General Regulations for Approved Centres, which require all exam centres to have a written examination contingency plan/examinations policy which cover all aspects of examination administration. This will allow members of the senior leadership team to act immediately in the event of an emergency or staff absence. This plan also confirms the centre's compliance with JCQ Document Preparing for disruptions to examinations.

This plan is also informed by the Ofqual Exam system contingency plan: England, Wales and Northern Ireland.

This plan also complies with our funding agreement and articles of association.

Responsibilities

Head of Centre

The head of centre will ensure that a written examination contingency plan/examinations policy is in place which covers all aspects of examination administration.

The head of centre will also ensure that as a contingency to enable the prompt handling of urgent issues only, responds to the awarding bodies' request for information regarding the contact details of a senior member of staff (which might include a personal mobile number and/or email address). This will ensure that any urgent matters which might adversely affect candidates which arise outside of term time, and which potentially put qualification awards at risk, can be addressed by awarding bodies with the support of that member of staff. Heads of centre should ensure that this member of staff has the necessary authority to mobilise resources to provide this support, which might include resolving issues within the centre itself. (GR 5.3)

Staff and invigilators

Staff and invigilators involved in the centre's exam process are responsible for reading, understanding and implementing the contingency plan.

Monitoring arrangements

This policy will be reviewed every year in the autumn term, or well in advance of each exam series. At every review, the policy will be shared with the governing board.

Contingency plan

Possible causes of disruption to the exam process and actions that should be taken are detailed in the table below:

Scenario	When to implement	Actions / Mitigation	Person(s) responsible

Further guidance to inform and implement contingency planning

JCQ guidance:

Contingency planning

The qualifications regulators, awarding bodies and government departments responsible for education have prepared and agreed information for schools and colleges in the event of examinations being seriously disrupted. This jointly agreed information will ensure consistency of response in the event of major disruption to the examinations system affecting significant numbers of candidates.

In addition, awarding bodies have their own well-established contingency plans in place to respond to disruptions. It is important that exams officers who are facing disruption liaise directly with the relevant awarding body/bodies.

Centres should prepare plans for any disruption to examinations as part of their general emergency planning. It is important to ensure that relevant centre staff are familiar with the plan. Consideration should be given as to how these arrangements will be communicated to candidates, parents and staff should disruption to examinations occur.

In the event that the head of centre decides the centre cannot be opened for scheduled examinations, the relevant awarding body must be informed as soon as possible. Awarding bodies will be able to offer advice regarding the alternative arrangements for conducting examinations that may be available and the options for candidates who have not been able to take scheduled examinations.

The awarding bodies will designate a 'contingency day' for examinations, summer 2022. This is consistent with the qualification regulators' document Exam system contingency plan: England, Wales and Northern Ireland

National Cyber Security Centre

The NCSC's free [Web Check](#) and [Mail Check](#) services can help protect schools from cyber-attacks. Two NCSC cyber security services, which are already helping thousands of organisations to protect their websites and email servers from cyber-attacks, are now available to **all UK schools**. Both tools are available free of charge, are quick to set up, and thereafter run automatically. More information is available from the [NCSC website](#).

The Department for Education has been asking centres to review **National Cyber Security Centre advice** following increasing number of cyber-attacks involving ransomware infections. The NCSC information supports centres in cyber security preparedness and mitigation work.

Ransomware attacks continue and the Department is reminding centres to review the NCSC advice and to take precautions. This includes ensuring that you have backups in place for your key services and data.

For ease of reference, the Department has highlighted key links relating to the NCSC cyber security guidance below:
